COMMUNITY LEADERS JOIN POLICE AWARD FOUNDATION BOARD OF TRUSTEES

Fort Worth, TX—Three business leaders have been have joined the Fort Worth Police Officers' Award Foundation Board of Trustees. The Foundation has announced the election of Darlene Mann (Senior Vice President at Bank of America), Stephen Gordon (of Cureton & Gordon, LLP) and David Campbell (Vice President – Safety, Security and Environmental at American Airlines).

Founded in 1981 by some of Fort Worth's most prominent business leaders, the Foundation is thought to be the only private organization in the country that operates with the sole purpose of supporting police officers. "These new board members have demonstrated a desire to promote excellence in all aspects of policing. They are bringing with them a wide variety of experiences that will undoubtedly steer the board in the right direction to fulfill its mission," said John Joyce, chair of the Board.

The addition of the new board members is a part of a community-wide appreciation initiative that strengthens the positive relationship between the Fort Worth police department, the Foundation and the entire Fort Worth community. Joyce said, "These are the kinds of connections that make Fort Worth unique. We live in one of the safest cities in the country, and part of that certainly is because we look at one another as a family who supports each other."

For more information or to join the Foundation, go to www.fwpoliceawards.org.
